ACTIVITY PROGRAM

25X1A

1. PURPOSE: To provide a [REDACTED] Technical Representative for instruction on the Quadrarad maintenance. This Quadrarad is to be used for GCA at [REDACTED]

25X1A

2. Description of Work or Services Required: At present, limited maintenance has been performed by three enlisted operators and one Communications Technician, none of which have had formal training on this equipment. Maintenance performed has proven unsatisfactory and training is considered essential in order to provide a safe and secure all-weather approach capability. In that the equipment is presently at [REDACTED] there would be no Security implications and the required Technical Representative could instruct these individuals simultaneously on available equipment, thus, eliminating the necessity for setting up more than one training period.

25X1A

3. Expected Additional or Related Work or Services: None

4. Total Estimated Cost: \$2,000 (There were no funds provided in the Fiscal Year 1961 Budget for this purpose)

FUNDS AVAILABLE

DPD CONTROLLER

5. Delivery Schedule or Period of Performance: Training will not exceed six weeks and will be completed during the second quarter of FY 1961.

6. Remarks: This is a flying safety item and this training is considered essential in order to provide necessary facilities.
